Dear Mr. Fisher:

I was delighted to get your letter about your genealogical research. The will of Samuel Fisher is particularly interesting. I am making copies of your letter and the will and providing them to all four of my children with a request that they each complete their own form and return it to you. They all have copies of the family tree prepared by my father in 1958 and so they are not without information about their antecedents.

The only one of my cousins for whom I have an address is John F. Waite who lives at 4229 Emerson, Dallas, Texas, with his mother, Mary Waite. The chances are good that he will be able to supply you with addresses of some of the other cousins.

As soon as I have some time after my move into new quarters, I will fill out my own form and send it to you. I would certainly like to get a copy from you of the work you have done on the family and would be delighted to reimburse you for the expense involved. I have reached an age when family background has become of considerable interest.

Sincerely yours,

T. T. Chamberlain
