

Mr. James M. Price
Follett, Texas

Monday night

My Darling Mack,

I love you so much, my Sweetheart. How are you? I hope you're taking care of yourself and that things aren't too hectic. Your wonderful little daughter and I are both well and miss you ever so much.

I heard that there was snow up there today. Hope it wasn't too bad if you had to drive from Perryton to Follett or anywhere else. Please be careful, my Love.

I went to work about 10:30 this morning after taking the car to the garage. The man hasn't phoned to tell us of any major problems so it may be o.k. Do you want to buy it from the folks and if so for how much? They had to send the certificate of title home so that we could change it if we buy it. Let me know your thoughts on the matter.

I phoned Mayflower and it really is involved as far as this moving business is concerned. It seems that movers get exclusive

rights to certain areas and Mayflower
doesn't have authorization to move
anybody from Stephenville. They
can move you to there, but
not from unless you're going
out of state! Crazy isn't it!
Well, anyway, they contacted
Central Movers and they called
me and are able to move
us from S'ville! They have
the exclusive rights to that
area or something! At any rate
I'm to meet the man from
Central at our house in
S'ville on Saturday morning
for him to give me an
estimate! Should be interesting
to say the least. I'll let you
know what happens.

I'm dead tired tonight so
will close for now. I love
you with all my heart. Take
care and good luck on everything.
Kisses from Kathy and me too
All my love always,
Debbie
